

Clothing 4 Schools, a division of Clothing 4 Limited, has been trading successfully for several years and has now established itself as a regional provider of school uniform and accessories to all parts of the education sector.

I am delighted and proud of our achievements to date and remain fully committed to establishing a regional school wear business that reflects our high quality products and services. Our references and testimonials confirm our commitment to striving for the very best uniform solutions we can provide.

As a part of the highly successful Apparel Group, and given its vast knowledge of the uniform market, it is a natural step for the business to now provide a full and totally flexible service to Schools and Parents; we have very strong partnerships with many of the leading Schoolwear manufacturers in the UK, together with membership and support of the National Schoolwear Association.

Our head office facilities in Burton upon Trent provide operational support to our retail shops, with our own embroidery machines, printing equipment and design suite. All School specific and generic uniform products will be stocked in the retail stores but further supported by extensive warehouse facilities centrally in Burton upon Trent. This ensures that each store is able to react to the peaks in retail sales throughout the year. A fully secure on-line retail store can be seen on [www.clothing4schools.com](http://www.clothing4schools.com) and regular updates to ranges and special offers will keep the site fresh and in keeping with the needs of the individual schools and Parents. In addition we encourage any opportunity to offer "in school" services, especially for the new intake and back to school periods of the year.

An extremely experienced Management Team is available to assist any school with any or all of the services available, all supported by references from Schools and Academies with whom we have very successful relationships.

Our vast experience in both the work wear and sports markets mean that we can also offer supply of other extensive product ranges, adding further value.

Please feel free to contact us online or in store any time and we hope we can help you and your school with its uniform requirements.

Best regards

Clive
