Disadvantaged Students Strategy Statement

3. Aims:

During 2017-18 we are working towards the following aims:

- 1) Transforming the life chances of our students and providing every young person with a gateway to success
- 2) Vulnerable students are identified early and support strategies are put in place
- 3) The progress across the curriculum of disadvantaged students matches or is improving towards that of other students with the same starting points
- 4) For students generally, and specifically for disadvantaged students, progress is above average in nearly all subject areas
- 5) For each different starting point, the progress of disadvantaged students matches or is improving towards that of other students nationally
- 6) Teachers identify and support any student who is falling behind, and enable almost all to catch up.

4. Outcomes

	<i>Desired outcomes</i>	<i>Success Criteria/Key Performance Indicators</i>
1.	Provide all students with a wider knowledge of the different educational and career opportunities available. Provide students with educational and cultural experiences they would not normally experience outside school.	<ul style="list-style-type: none"> • Careers interviews provided for all year 10 and 11 pupil premium students • Career and educational visits provided for all year 10 and 11 pupil premium students • All disadvantaged students to take place in at least two enrichment, experience days or trips this year.
2.	Pupil premium students are identified early September. Their achievements from previous assessments are identified and support plans are put in place where required.	<ul style="list-style-type: none"> • Pupil premium students identified and this information is shared with staff • Starting points for this academic year are identified • A termly plan is put in place for each student based on their previous achievements
3.	Accurate monitoring of progress of the pupil premium group in comparison to the progress of non-pupil premium students. The gap will begin to close.	<ul style="list-style-type: none"> • The progress of disadvantaged students compared to other students in school narrows.
4.	Progress above average in all in nearly all subject areas.	<ul style="list-style-type: none"> • Students to achieve above average in at least 80% of their subjects
5.	The progress of low prior attainment, middle Prior attainment and high prior attainment students is all improving towards the progress of other students nationally.	<ul style="list-style-type: none"> • The progress of disadvantaged students compared to other students nationally narrows.
6.	Teachers monitor the progress of their individual students and put support in place to all students to catch up with other students.	<ul style="list-style-type: none"> • Intervention sheets are completed and disadvantaged students are included within these. • A termly plan is put in place for all students, the impact is reviewed and the plan is adjusted accordingly.

Disadvantaged Students Strategy Statement

5. Barriers to future attainment and progress

In-school barriers

- 1) Aspirations and level of engagement in lessons are often more problematic for disadvantaged students - this has a detrimental effect on their progress
- 2) Attendance to lessons and the subsequent impact on progress
- 3) Lower reading ages of disadvantaged students which prevents students from making expected progress across all subjects

External barriers

- 1) Attendance during 2016-2017 for disadvantaged students was 89.74% (other students was 93.33%).
- 2) Provision of uniform, equipment and exposure to different cultural experiences
- 3) Access to school resources at home is sometimes difficult resulting in missed opportunities for independent study to boost progress
- 4) Parental aspirations and contact with school
- 5) Parental understanding of the curriculum and how to access resources at home.

6. Planned expenditure for academic year 2017-2018

The headings below enable the school to demonstrate how we are using the disadvantaged funding to achieve the three desired outcomes detailed about and improve classroom pedagogy, provide targeted support and support whole school strategies.

Strategy/action	Students	Desired outcome/key performance indicator	Staff lead	Projected cost	Impact
Revision sessions after school are provided for all students. Disadvantaged students can claim back their bus fare or taxi cost and food will be provided. All revision sessions should target gaps in students learning.	KS4	Increased attendance of disadvantaged students at targeted revision sessions and therefore improved attainment of disadvantaged students.	HOFs	£2,600	Staff made aware of money available. Students made aware of financing available. Taxi's have been used to fund two PP students attendance to revision and examinations, ensuring ease of transport for pupils.
English and Mathematics intervention run by Kip McGrath for targeted year 11 disadvantaged students.	KS4	Increased attainment in the identified areas of weakness.	MOO/SEV	£7,800	Maths is running, for all year 11 PP students Jan - March 4 students increased by 1 grade 1 student increased by 2 grades 3 students stayed the same

Disadvantaged Students Strategy Statement

					2 students decreased by 1 grade. The last two groups of students have had a supply teacher.
Tutor time intervention for disadvantaged students identified by their English and Mathematics teachers.	KS4	Increased attainment in the identified areas of weakness.	MOO/SEV	£1,500	Year 11 PP are involved in the L25 intervention sessions. Intervention for 13 maths and 5 English PP students is happening as well as the L25 sessions.
Use of overstaffing or cover supervisors to provide up to 3 lessons cover for each class at KS4 to allow the teacher to undertake targeted small group work with disadvantaged students who are below target.	KS4	Increased attainment in the identified areas of weakness.	HOFs	£0	Reduced staffing made this difficult to implement.
Additional examination preparation and coaching support for English Literature (External consultancy)	KS4	Disadvantaged students receive additional preparation for English and improve their chances of success	COL	£1,500	Took place before Christmas. PP students prioritised for the session. Hints, tips and intervention implemented.
Provision of online resources including GCSEpod, Doodle and PiXL Apps to engage disadvantaged students with independent learning and online resources. Disadvantaged students to be targeted in the use of these resources.	KS4	Disadvantaged students are utilising online learning resources and specific tasks provided by teaching staff		£3,000	GCSE Pod usage 6757 pods have been watched by students and staff. The top subjects it has been used for as English Literature, Maths and Computer Science.
Tassomai Year 11 Science support	KS4	Use of online learning resources to boost students to a grade 5.	LEA	£580	3/15 on or above target.
All teaching and relevant support staff to know who their disadvantaged students are and have them identified on their seating plans. Seating plans should be arranged giving priority to the disadvantaged students.	KS3/4	All staff to complete seating plans and update according to progress.	HAR	£0	Staff are prioritising these students for questioning in lessons and in class support. There is no significant difference between the

Disadvantaged Students Strategy Statement

					work of PP and non-PP in books. Learning walks support this conclusion.
Disadvantaged students to be represented in all student voice activities and the progress and quality of disadvantaged students work to be scrutinised in all learning walks, work samples and data snapshots.	KS3/4	Disadvantaged students to be involved in all aspects of school.	HOFs	£0	All learning walks, work samples and interview panels and the young leadership team have pupil premium students involved. Ensuring the views of PP students are considered.
Disadvantaged students are prioritised for receiving feedback in class, in books and for assessments. The work/home learning of disadvantaged students is marked first by teachers.	KS3/4	Disadvantaged students receive effective and useful feedback for making improvements and therefore progress.	COL/DUF	£0	There is no significant difference between the work of PP and non-PP in books.
Attendance of disadvantaged students is often lower than that of non-disadvantaged students therefore they miss a significant amount of work. Embed strategies to ensure that disadvantaged student's catch-up with missed work in lessons - 'missed learning catch-up sheets' and 'catch-up' opportunities at the start of lessons (after absence). No gaps in books.	KS3/4	Fewer gaps in the learning due to allowing students to catch up on missed work in school time.	HOFs	£0	Faculties have implemented different procedures to suit their faculties. All PP students are encouraged to catch up on any work missed.
One to one tuition sessions provided for Looked After Children in English and Mathematics where required. This will be tutored by an external tutoring agency.	KS3/4	Improved attainment.	HAR/ J. Bagley	£9,750	Tuition is taking place for the students who the school and carers feel it is beneficial for. Good progress currently being seen by these students. Not all students who have been offered extra tuition have taken up this offer as carers do not feel it is appropriate.
Learning Resources for all disadvantaged students are to be provided. Each student will be issued with a pencil case complete with basic stationary	KS3/4	Improved attainment and attendance due to being properly equipped for school	HAR/ HOFs	£4,140	Resources issued for: - Maths - Humanities

Disadvantaged Students Strategy Statement

<p>replenished each term and resources specific to each subject including revision guides. This will vary with each year group and subject. £20 per KS3 student £50 per KS4 student</p>		<p>and enable to access the same resources as other students outside school.</p>			<ul style="list-style-type: none"> - Art - Science <p>1-1 Drama sessions provided for all PP Drama students.</p> <p>Pencil cases and stationary issued for all PP students.</p> <p>Students are well resourced and have the equipment needed to prepare for their exams and lessons day to day.</p>
<p>Use of Go4Schools to regularly track disadvantaged student performance, Snapshots to be sent to HOFs and Progress Leaders for analysis.</p>	KS3/4	<p>Disadvantaged students are easily identified and tracked more effectively, therefore leading to better identification of need and strategies to improve achievement.</p>	CAI/HAR	£3,000	<p>Snapshots issued every half term. Data analysed and PP students given intervention where underperformance is apparent.</p> <p>PP students are prioritised for intervention in all faculties.</p>
<p>Learning and Teaching team to lead on the development of learning and teaching strategies including targeted questioning; particularly for groups of students included HA and disadvantaged students.</p> <p>Consider an excellence file consisting of an outstanding piece of work from each topic studied. This should include work from every member of the class and can be photocopied before a test for revision.</p>	KS3/4	<p>Gaps in learning are addressed and strategies are in place to improve the achievement of disadvantaged students in lessons.</p>		£3,000	<p>Strategies for HA students have been developed and applied to the HA-PP students. This has facilitated progress at KS3 but less so at KS4.</p>
<p>Additional specialist and targeted teacher support in English, Maths and Science.</p>	KS3/4	<p>Improved attainment and progress outcomes in English, Mathematics and Science</p>	CLR/HAR	£44,000	<p>Unable to recruit extra staffing.</p>
<p>All disadvantaged students are to be challenged to reach or exceed their targeted reading age through the use of Accelerated Reader. All disadvantaged students to be given a selection of books each year.</p>	KS3	<p>Improved attainment due to improved reading skills.</p>	COL	£1980	<p>Books issued providing extra reading material at home.</p>

Disadvantaged Students Strategy Statement

The 'Hive': Disadvantaged students with lower than expected levels of prior attainment are given catch-up provision to boost their levels of literacy and numeracy (5/10 students are disadvantaged)	KS3	Disadvantaged LA students make rapid progress during Year 7	EYR	£5,600	Hive disbanded.
Additional mentor support to provide behavioural, emotional, social and personal support to disadvantaged students when needed. Improved attendance will also be a focus of these conversations.	KS4	Disadvantaged students have access to support to overcome additional barriers to learning. Low attainers to be prioritised.	HAR/JEN	£1,840	PP students prioritised for intervention by ACE. All students who have been targeted by ACE have improved their attendance. 5 students with SEN or emotional needs have had support through SEND Supported. All PP students working with ACE during 2017-18 increased their attendance.
All students to complete work experience in a field they are interested in. Support to be provided to ensure all disadvantaged students can access the work places they wish to visit. Travel, food and clothing costs to be covered if required.	KS4	Improved attitude and engagement.		£2000	Relevant staff made aware there is a pot of money for PP students if required. Careers Driver has followed up all PP students work experience placements.
Careers advisor appointments provided for all disadvantaged students. Careers information and experiences arranged for disadvantaged students.	KS3/4	Increased engagement with studies due to students being more motivated.	Careers Driver	£3000	All disadvantaged students have taken part in a careers interview. The Careers Driver and form tutors have had follow up conversations with these students. No NEET students in 2017-18.
Behaviour statistics provided though go4schools to be monitored and issues to be resolved by Form Tutors and Progress Leaders.	KS3/4	Increased engagement with learning	Progress Leaders	£0	Pastoral briefings every Thursday address behaviour issues.
Prioritise disadvantaged students when setting takes place in years 7 and 8 for linear groupings and for option choices in year 9 when choosing their GCSE	KS3/4	Improved attainment due to challenge and engagement.	CAI	£0	By students being in the higher set or studying a

Disadvantaged Students Strategy Statement

options. Students being challenged at KS3 will encourage higher attainment and students studying their preferred option at GCSE will assist with engagement and achievement.					subject of their choice they have been encouraged and pushed to achieve as highly as possible.
Disadvantaged students to be prioritised for trips such as the apprenticeship show, skills show and university visits.	KS3/4	Improved attitude and engagement.	Careers Driver	£1500	All disadvantaged year 11 students were encouraged to attend the skills show. All year 10 disadvantaged students attended the National Careers Fair. This has helped inform college and apprenticeship applications.
Enrichment provision every week with particular emphasis on disadvantaged students attending. Transport to be provided if required.	KS3/4	An increased and significant number of disadvantaged students attend enrichment activities.	HAR	£1,000	Staff made aware of money available. No students took up the offer of transport. One student has sports equipment purchased for competition at local level.
Improved parental contact and support. Progress leaders or tutors to liaise with parents and carers to establish the preferred method of home-school communication and their aspirations and priorities for their children. The school expectations and regular updates with regards to revision sessions and extra-curricular activities are to be shared with parents and carers. Yearly notification of access to the Claire Bacciochi fund to be highlighted.	KS3/4	Improved attainment due to improved home support.	Progress Leaders	£500	Positive phone calls take place every Friday. Year Team Leaders have regular contact with particular PP parents.
Provision of uniform and PE kit in exceptional circumstances to ensure all students are correctly dressed and no differences can be identified between disadvantaged and non-disadvantaged students.	KS3/4	Disadvantaged students are adequately prepared to learn and engage	COE	£690	Uniform items purchased for a few students. Mainly ties, trousers and shoes.
Travel expense issues which may be resulting in low attendance to school for disadvantaged students to be identified and supported.	KS3/4	Improved attendance and therefore improved attainment.	HAR	£2,700	In cases where transport and food have been an issue. Free School Meals have been provided and parents have paid for transport.
